Dear Seta,

**What a wondrous and powerful performance.**

The Toronto AGBU commends the tireless efforts of the “**Shushi**” Armenian Dance Ensemble and its leadership for their immense sacrifices and efforts.

We take this opportunity to sincerely thank all of the performers young and old for their accomplishment and the professionalism they displayed while performing at the North York Performing Arts Centre, in Toronto, Canada on April 13, 2008. An overcapacity crowd of 1,000 spectators were completely mesmerized by the depth of Armenian feelings and Songs that filled the large auditorium as depicted by the 60 strong dancers and singers. It remains a tribute to the Diaspora that through support of programs such as these, we will keep Armenians – Armenian.

On behalf of the Toronto AGBU, Its membership and the executive, we salute you and wish you continued success in the future. We remain,

Eugene Karadjian  
President Toronto AGBU
